

ReSwipe

Final Company

Report - 2025/2026

JA South Western Ontario

London Wednesday Night, Company 1

Date Issued: April 3rd, 2026

Letter to Shareholders

Dear ReSwipe Shareholders,

It is our pleasure to present the final report for ReSwipe. This year has been one of meaningful growth, valuable learning, and proud accomplishments.

Mission Statement

ReSwipe's mission is to provide our community with sustainable, reusable, and reliable cleaning solutions that reduce waste for a better tomorrow. We deliver a practical, all-in-one cleaning package designed for durability, affordability, and real everyday value. Through ethical business practices and a commitment to environmental responsibility, we create dependable value for our shareholders and a cleaner, greener future for everyone we serve.

Goals & Objectives

ReSwipe generated more than \$3,000 in revenue across 200+ units sold, with \$1,031.81 in net profit after salaries, achieving both our sales and production goal of \$3000 and 200 units respectively. Our share value grew from \$10.00 to almost \$90. We donated 20% of profits to Urban Roots, a London non-profit building equitable, food-secure communities through urban agriculture. We also won Top Pitch at Dragon's Lair.

Total Revenue:

\$3,169.23

Final Share Value:

\$89.37

Donation Amount:

\$204.33

Challenges and Successes

Like any business, we faced challenges. A mid-year product pivot set us back as we refined our kit, developed packaging, and finalized our prototype. Our sales events underperformed, but our in-store and door-to-door sales more than compensated.

Ultimately, ReSwipe thrived. We hit strong financial milestones, honoured our CSR commitment, and won Top Pitch at Dragon's Lair. Our final share value reached \$89.37, up from \$10.00.

With Gratitude,

A handwritten signature in black ink, appearing to read "Qasim".

Qasim Pardhan
President, ReSwipe

- **Anushka Singh** - VP of Corporate Social Responsibility

Directors

- **Logan Gowling** - Director of Production
- **Chase Grenier** - Director of Marketing
- **Luke Zhang** - Director of Human Resources
- **Samuel Soper** - Director of Technology
- **Yara Puvirajah** - Director of Corporate Social Responsibility

Mentors

- **Gavin Mitchell**
- **Ava Chester**
- **Theodora Petrou**
- **Jawad Hossain**

Organizational Chart

Department of Finance

As the VP of Finance, I maintained and submitted all core JA-required financial sheets. I colour-coded the Weekly Finance Worksheet so that **all incoming cash appears in green** and **all outgoing cash appears in red**, allowing any team members to read transactions clearly. I also reimbursed all payables within one week of receiving the receipt, and every purchase was cleared by the next week's entry, resulting in zero outstanding accounts payable at end of JA. Additionally, I designed and built five analytical sheets beyond JA requirements: a **Company Valuation summary**, a **KPI & Financial Ratios sheet**, a **Weekly Sales & Profit Trend tracker**, an **Investor Return Calculator**, and a **Weekly Financial Log**.

Successes

ReSwipe sold 207 Swipe Kits over 18 active selling weeks, generating **\$3,169.23 in revenue** and a net income of **\$1,031.84**. Break-even was achieved by Week 12, only four weeks into active selling, showing fast and efficient selling. At the start of JA, each shareholder invested \$10, by end of the program, **each share was valued at \$89.37**, a return of 794% on the original investment. Peak sales of \$730 were recorded in a single week (Week 16), with 49 kits sold. All financial records were kept fully balanced, with Total Debits equaling Total Credits at the close of every week.

Sincerely,
Ali Rahrovani
 VP of Finance

Challenges

While the finance sheets were maintained with precision throughout the program, the sales sheets were disorganized; units sold, number of products on hand, and weekly sales did not align with what was recorded in the financial sheets. I spent several hours going back through physical receipts, going over every transaction on the Weekly Finance Worksheet and the Weekly Banking Record. This extra effort brought all records into complete alignment and ensured the final financials were fully reliable.

Department of Sales

This JA year, the Sales department focused on generating consistent product sales and driving revenue for ReSwipe. Our goal was to sell **20 products per week and have 200 sales** while building **strong customer relationships** over the 18-week period.

Challenges

A key challenge we faced was having a high amount of inventory while our company members started to struggle selling. To overcome this, we introduced the idea of a Golden Ticket initiative, where selected products included a special reward to increase excitement and encourage purchases. Another challenge faced was the inconsistency of the sales sheets with significant mistakes. The sales and finance departments had to work together to fix the sheets to ensure all numbers were correct.

Successes & Highlights

One main success this year was hitting our sales target of 200 sales, achieving us \$3,169.23 in total revenue. One of our main focuses was creating more selling opportunities. Major highlights of the year were the main sales event at **Sherwood Forest Mall**, and an **in-store location**, where strong effort was put into preparing and organizing for the events. The focus during the events was engaging with customers, explaining the value of the product, and working to close sales.

Overall, the Sales department played an important role in ReSwipe by driving sales, adapting to challenges, and developing strong communication and selling skills.

Sincerely,
Aaryan Sharma
 VP of Sales

Department of Technology

As Vice President of Technology for ReSwipe, I managed our digital infrastructure to support operations, marketing, and online sales. My focus was building a strong online presence and using technology to improve workflow efficiency across the company.

Activities

- Established a technology use policy outlining security, conduct, and social media guidelines
- Coordinated the setup of our JA Marketplace listing and managed delivery of online sales
- Developed the company website and implemented a dashboard to track weekly website traffic and automatically calculate key analytics
- Managed internal systems (Discord and Google Drive) to streamline communication and improve team efficiency
- Supported marketing through video production and creative work, including the company mascot
- Assisted production by handling printing and adapting to a new printing system

Website

A key achievement was developing our website. I created a clean, user-friendly, and mobile-optimized platform that would boost brand recognition and sales. It featured product information, direct access to the JA Marketplace listing, and pages for contact, feedback, FAQ, "About Us", and our CSR partnership with Urban Roots. The website received **318** visits (**26.5** weekly average).

[Visit The ReSwipe Website](#)

Challenges

One key challenge was selecting and learning a suitable website platform while navigating around paywalls. The company also faced low online sales; after identifying shipping costs as a barrier, I helped implement free local delivery to improve accessibility.

Overall, I helped establish a strong, professional digital presence for ReSwipe and improved operational efficiency using technology to support company growth.

Sincerely,

Zaeem Hossain

VP of Technology

Department of Production

As Vice President of Production for ReSwipe, I managed and organized the production of our Swipe Kits during the JA year. I tracked materials, optimized production processes, and ensured product quality. Our goal was to maintain **steady weekly production** and reach our final target.

Overall, production went well and we **exceeded** our production goal:

Production Goal:
200 Swipe Kits

Final Products Produced:
207 Swipe Kits

Most weeks, we stayed on track and met our production goals, keeping inventory consistent. Communication within the team was good, and kept production organized and on schedule. One challenge occurred when we failed to check material inventory before a meeting, resulting in a delay due to missing supplies. After this, we improved our **inventory checks** and organization, allowing production to continue smoothly.

Tracking

- For organizing consistent inventory checks to prevent further error, we introduced the tracking system. We used a Google Sheet with three sections:
 - Material inventory (stock, waste, missing items)
 - Raw material purchases (records and receipts)
 - Weekly production (units produced and discarded)
- This system helped us stay organized and plan production and purchases effectively.

Overall, the Production department supported ReSwipe by maintaining **consistent** output, managing materials efficiently, and achieving our production goal.

Sincerely,
Adam Nur
VP of Production

Department of Marketing

As Vice President of Marketing at ReSwipe, I led our brand development and executed online and physical marketing strategies to promote our product and engage audiences.

A great success we had outside of social media was the **Golden Ticket Event**. We only had to put in \$50 for prizes, and made at least \$75 from products sold specifically because of the event. We saw a **183%** increase in average weekly sales after the event began.

However, it was challenging to work within a small team, as I could delegate tasks to few people, resulting in the majority falling on me. I managed this through structured planning, time management, and systems like content plans and our marketing guide.

Social Media

- Grew our Instagram page to over **800 followers** through consistent posting, a structured content plan, and tracking analytics
 - Posts generated **29,000+ profile views** and 2,500+ profile visits
 - 46% of views from non-followers, showing strong expansion
 - Achieved **60+ link clicks**, demonstrating real interest
- Hosted several social media series planned with other VPs
 - Ex. Urban Roots Awareness Week and Waste Reduction Challenge
- Led ReSwipe's planning and posting in the **Social Media Challenge**, and led the team to **win the challenge** across Southwestern Ontario

Other Roles

- Created all brand assets and resources for various usages
- Designed branded documents such as agendas and meeting notes
- Tracked social media analytics and customer demographic analytics in a Google Sheet with charts and used both to pinpoint a target market to optimize posting and marketing techniques.
- Developed a full brand marketing guide
- Organized logistics for ReSwipe Golden Ticket Event
- Created physical marketing like posters and the Dragon's Lair display

Overall, ReSwipe's marketing in the 2025-2026 JA year was **extremely successful**, and led to strong brand recognition, audience growth, and real impact. At the end of the year, I personally won the **VP of Marketing of the Year** award for the region.

Sincerely,

Ayaan Bhimani

VP of Marketing

Marketing Timeline

Nov. 2025

- Generated brand ideas with logos and meaning, and then created several logo ideas based on the name "ReSwipe" once the name had been picked

- Designed the final ReSwipe logo

- Designed product packaging

Dec. 2025

Created a company colour palette and branded - document templates like agendas and meeting notes

Designed a complete marketing guide including the - usages for various company assets and general branding and social media guidelines and strategies

Feb. 2026

- Planned and executed posts for the JASWO Social Media challenge, which we won

- Designed our booth at the Dragon's Lair Pitch Competition including creating a tri-fold display

- Ran the extremely successful Golden Ticket Event

- Posted the Urban Roots Awareness week

Mar. 2026

Instagram page reached 800 followers -

Posted the Waste Reduction Challenge on Instagram -

Created a marketing portfolio summarizing my creations - and roles as VP throughout the year at ReSwipe

Apr. 2026

- Received the VP of Marketing of the Year award for outstanding marketing efforts and performance

- The company was announced the winner of the JA Southwestern Ontario Social Media Challenge

Department of Human Resources

General Overview:

At ReSwipe, the HR department played a crucial role in accountability, engagement, recognition and feedback. We were able to have a successful year and end up with an attendance rate of **94%**. Never once falling **below 90%**.

Activities:

1. Recognition

- Star of the Week
- Star of the Month
- Double or Nothing
- Assigned department directors

2. Engagement

- Games (Biweekly)

3. Accountability

- Individual reminders (Discord)
- Weekly Department Snapshot
- Meeting Notes (Discord & Email)
- Accountability System (Tracking + Warnings)

4. Feedback

- Star of the Week Nomination Form
- End of Year Feedback Form

Successes:

- Tight community in the company
- Ensured everyone's thoughts were heard
- Close contact with people to complete tasks

Sincerely,
Dayston Zheng
VP of HR

Explanation of Activities:

Double or Nothing: If our company hits all goals

(Production & Others) for 2 meetings, then we get double the amount of game time the following week.

Accountability System: Gives underperforming VPs warnings if needed. Re-election of the role if needed.

Star of the Week Nomination Form: Anyone is able to vote for a Star of the Week.

List materials, WHO bring for event	Aaryan	Sales	Feb 9, 2026	0%		Share this with execs so they can add to it

Weekly Department Snapshot: Overview of tasks that need to be completed by each department, messaged on Discord.

Challenges:

Problem: Star of the Week System

Solution: Star of the Week Nomination Form

Problem: Incomplete work from VPs

Solution: Individual reminders, Accountability System

Department of Corporate Social Responsibility

This JA year, the CSR department focused on building **meaningful**, long-lasting partnerships and promoting sustainability within the company.

As CSR head, I worked closely with marketing and production teams to ensure our environmental impact was consistently highlighted. This included emphasizing our recyclable packaging and durable product design across all promotional materials and product messaging. A major challenge was coordinating across departments and maintaining a realistic timeline. However, through **strong communication** and collaboration, CSR was successfully integrated into overall company operations.

Partnership

One of our main achievements was establishing a partnership with Urban Roots London.

Initiatives

To increase awareness and engagement, I led two initiatives. The first, a CSR Awareness Project focused on Urban Roots, gathered internal feedback through a Google Form on ideas like awareness campaigns and digital outreach. The second was a Waste Reduction Challenge, encouraging actions such as reducing plastic use, preventing food waste, and supporting sustainable fashion through clothing donations.

Sincerely,
Anushka Singh
 VP of Corporate Social Responsibility

Financial Summary

Revenue Per Week vs. Expenses Per Week

Early on, our revenue and expenses were low due to it being our setup phase, but from Week 11, when all payables were paid, expenses dropped significantly while revenue grew, highlighting strong profitability in the program's second half.

Cumulative Revenue vs. Break-Even Point

Our company broke even in just 4 weeks of selling, and started making profit quickly. We prioritized selling to make profit as fast as possible. Our net profit by the end of JA was \$1,031.84

Financial Summary

Breakdown of Expenses

\$1,437.55 Expenses

Our total expenses were \$1,437.55 dollars. These expenses were Charity Donations, Wages & Salaries, JA Invoice, and Raw Materials. Our company made sure to minimize its expenses by buying bulk raw materials to maintain a high gross profit margin and make as many products as possible with little cost.

Initial Share Value vs Final Share Value

\$89.37 Final Share Price 794% Return

Our initial share value was \$10, and it spiked all the way up to \$89.37, a 794% increase. This massive jump of share price indicates our company's great financial performance and ensured our ability to give our shareholders large returns.

Break-Even Sales vs Total Sales

207 Total Sales

Our company reached a truly remarkable result this year by surpassing our break-even point of 50 sales, and reaching an astonishing 207 sales by the end of the year. This reflects on our company's dedication to prioritizing selling and producing.

ReSwipe's Stock & Profitability

Outstanding Efforts

ReSwipe would like to **thank everyone** for a successful year:

Qasim Pardhan	Led our company, Planned everything, 100% attendance
Logan Gowling	Top Seller, \$480 in sales, crucial production member, 100% attendance
Luke Zhang	Crucial production member
Samuel Soper	Top Seller, \$390 in sales, crucial production member
Zaeem Hossain	Created and published company website, marketing videos, company mascot, 100% attendance
Ali Rahrovani	Pitcher at Dragons' Lair, maintained clean finance records, stats with spreadsheets, 100% attendance
Ayaan Bhimani	Created company logo, colour palette, branded agenda, marketing videos, Dragons' Lair Booth, 100% attendance
Adam Nur	Created production system
Chase Grenier	Top Seller, \$750 in sales, crucial production member, 100% attendance
Aaryan Sharma	Organized sales events, 100% attendance
Yara Puvirajah	Crucial production member
Anushka Singh	Communicated with Urban Roots, crucial production member
Dayston Zheng	100% attendance, accountability system, recognition and engagement programs, feedback forms

We thank you for your **dedication, determination** and your **desire** to help ReSwipe grow and keep the planet "**simply spotless**".

Acknowledgements

ReSwipe's phenomenal year would not have been possible without the support of various organizations, each helping us grow and giving us a chance to succeed. ReSwipe extends utmost gratitude towards:

Junior Achievement Southwestern Ontario

ReSwipe is deeply grateful to **Junior Achievement (JA)**, and especially **John Wilson**, for giving us the chance to build our enterprise. Their tremendous **dedication** made this experience possible, providing us with **tools for success**, a location to hold meetings, freedom to make executive decisions, and great advice, allowing us to experience what **running a business** is truly like. We are forever grateful for the JA environment where we could build **critical skills**.

Urban Roots London

Urban Roots London, ReSwipe's CSR Partner, has helped us across our journey. To align with our mission, we committed to donating **20%** of all profits to Urban Roots London. We heavily appreciate their efforts to **promote and advertise ReSwipe** in their blogs and social media and their kind contribution of 2 **prizes** towards ReSwipe's Golden Ticket Event for free.

Our Junior Achievement Mentors

ReSwipe especially thanks **Jawad, Ava, Theodora, and Gavin**, our mentors, who have **guided us** since day 1 of company program. Their **advice and ideas** have been integral in our success, and their willingness to help was a resource that we could always rely on. Our company would not have **shone** the same without you.

Sherwood Forest Mall

Sherwood Forest Mall gave us the amazing opportunity to host a **sales event** at their mall, providing us with a platform to make sales and **promote our mission**. We are also grateful for their **willingness** to help at the event.
